Development of website for educational process support of students in Iraqi University

Of the master graduate qualification work for the student of the group CE-219

Supervisor Name:
Cand. Sci., Assoc. Prof. Tatyana Makovetskaya

Student Name:
Abdulmalek Adil Abdulzahra

Chelyabinsk – 2018
Subject area

This project about website for students of Iraq University College include complete information:

- Users (students, teacher, admin, dean)
- Information about adding (degree, homework)
- Table of courses
- Specializations
Goal and objectives of the research

The goal:
Development of website for educational process support of students in Iraqi University

The objectives:
1. The analysis of the subject area
2. The problem statement.
3. Development of website application
4. Implementation of the website application
5. Functional testing
Use Case Diagram
Database Structure
Software techniques used

- Adobe Dreamweaver

Developing an web application by:

- HTML (Hyper Text Markup Language)
- CSS (Cascading Style Sheets)
- PHP (Hypertext Preprocessor)
- MySQL
Structure of the project

This project contain some properties to function website application.

include some properties

• 36 files
• 16 web page
• 4000 lines of source code

Iraq UNIVERSITY COLLEGE

WELCOME TO IRAQ UNIVERSITY COLLEGE (IUC)

IUC addresses the core needs in the local and International business market and economy; and has developed tailored training courses in accordance with the demands and needs of the highly expanding professional class in Iraq. The key to our success is the identification and development of our quality, health, safety and environment (OHSE) systems. We are proud to be in a position to deliver proficient education & training services; enabled through our vastly experienced staff and consultants achieving optimum results. IUC provides personalized one to one training services to its students; this is achieved by adopting smaller class based learning. In order to guarantee catered service and thus ensuring our students get the most out of the learning experience. IUC holds collaborative links with industry and academic institutions and universities. IUC holds a joint agreement with the University of Portsmouth in the United Kingdom (UK) as well as other overseas institutions and is proud to offer students the opportunity to continue there learning & career development at such overseas institutions. Past students have successfully achieved the highest of academic standards and career progression. The college also encourages and supports other respected universities and higher education institutes for continued development and acceptance for higher education degrees and programmes.

ABOUT US

Iraq University College (IUC) Iraq University College (IUC) was established in the academic year 2004-2005 and is a multidisciplinary college based in the city of Baghdad, offering programmes in the field of management and business administration.
